Continuation of 2. NOTE: Concerning both (b) and (c), the clean copy of the claims contains changes to claims 1 and 16 that have not been previously presented (see claim 1 lines 11-12, and claim 16 lines 9 and 11). Further, the marked up copy of the claims only has a copy of claim 16, and that does not show the changes made on lines 9 and 11 of the clean copy.

Applicant's attorney does not disclose or present any discussion of these new changes.

Concerning claims 21-60, these are newly presented in this reissue application and thus are completely underlined. The Examiner has not reviewed these for accuracy. It is requested that Applicant's attorney review these for accuracy, and certify that undisclosed changes have not been made in these too.

Continuation of 5. does NOT place the application in condition for allowance because: the Examiner's position on the recapture issue is stated in the FINAL rejection. It is noted, however, that the tables presented by Applicant's attorney are misleading and misdescriptive when they state that certain limitations were cancelled without acknowledging that replacement recitations for these where added in differen places in those claims.
